Enter code **Oct2010Disc** at the checkout

Two new products from Catalina Spas. The MMX1 and the 14' Swimspa, "The Exercise Spa".

See website for full details

New engineer joins the team.

We have appointed a new engineer called Jez. If he comes to see you, Coffee white with no sugar. Be gentle!

Cornish Hot Tubs could be on the move!

After another fantastic season we are looking to move premises to be more retail orientated.

We will be clearing out our current showroom stock to avoid moving it! If you have any friends or family who want to grab a bargain there has never been a better time. Also beat the VAT increase!

"The bitter taste of poor quality remains long after the sweetness of low price is forgotten."

Don't forget, if you have a problem with your Hot Tub, require a service, relocation or just a bit of advice please give one of our engineers a call and they will be happy to help.

Remember:- Healthy bathers and healthy Tubs need healthy water.

Always test and sanitise your Hot Tub.

If you have any questions about water chemistry call one of our BISHTA trained team.
