New showroom now open

@ Unit 13, Indian Queens Trading Estate, Warren Road, Indian Queens, Cornwall, TR9 6TF

Welcome to the first of our CHT news letters. We have created this to let you know what's new and exciting in the world of Hot Tubs.

If we find something we think might help then we will let you know.

The CHT Team

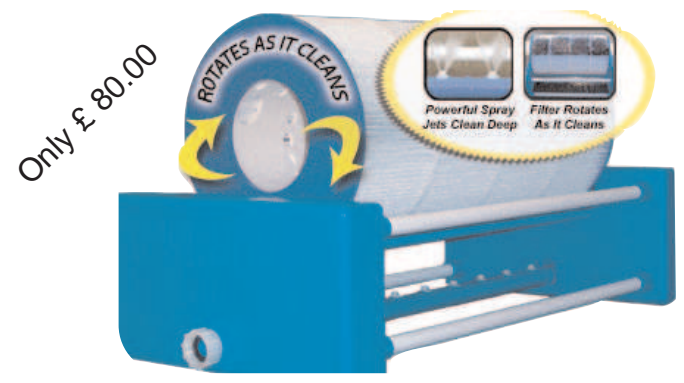

Bumper Start to 2008

We have seen an excellent start to the new year with record sales. Our new showroom is certainly working hard and things are looking great. We are preparing for a busy time ahead as we start the show season which kick's off with Royal Cornwall on 5th, 6th and 7th of June, visit us at stand 115.

Filter Blaster

The Blaster Automatic Filter Cleaner prolongs filter life. Automatically rotates cartridge filters whilst a series of powerful jets direct water to clean between the filter pleats.

For filter sizes up to 20" / 508mm.

Pre season Service

Why not have your spa serviced before the summer season. Complete service and system flush for only £ 155.00

New Engineer Join's the Team

Due to the increase in sales we have now taken on another engineer. Jason is on hand to assist with any problems you may experience.

Dedicated service number
01726 860 070

Cornish Hot Tub own brand

We now have our own brand of water treatment products at very competitive prices. Pop in to our showroom or visit

WATER MUSIC

There's no denying that the Apple iPod is the most popular MP3 player in the world and now with the latest 'must have' product from H2O Audio you can kick back and chill out with your favourite tunes while you swim in the pool or soak in the spa.

Supplied complete with a sports armband and suitable for submersion in up to 10' (3m) of water, H2O cases are available for all popular models of iPod. Features include a LatchTight™ waterproof locking system and SealTight™ headphone connector as well as allowing for full control of all iPod functions, even when underwater!

Call for more information.

Remember:- Healthy bathers and healthy Tubs need healthy water.
Always test and sanitise your Hot Tub.

If you have any questions about water chemistry call one of our BISHTA trained team.
