New showroom now open
@ Unit 13, Indian Queens Trading Estate, Warren Road, Indian Queens, Cornwall, TR9 6TF

Bumper year for Cornish Hot Tubs

We have bucked the trend once again and in these hard economic times have had the best trading year, to-date, since the company was founded in 1999 by John Roberts. The increase in sales has largely been put down to people staying at home (not going on holiday as it is too expensive), not moving house (you can't sell and it's so expensive to move), people just want their own relaxation haven in the privacy of their own home.

We would like to thank all customers so your support so far this year.

Limited Edition Spas a real HIT.

We have recently seen three Limited edition spas released by two of our main suppliers. Catalina Spas have the 400CD LE & 600CD LE. Arestian have the Southseas 744I

Click the picture for more information

These Limited edition spas are selling fast so if you have a friend who is looking for a spa, get there's no better time. Introduce them and we will give you a case of BUBBLY as a thank you.

Launch of the NEW Cornish Hot Tubs Website

This year has also seen the launch of our fully e-commerce website. It's there 24/7 for all your needs. Chemicals, accessories, advise just log on.

Visscher wooden buildings now available

If you already have a spa and are thinking of an enclosure, come and see one in our showroom. Our 10' x 12' Rosedale is more than big enough. But they do come bigger or smaller and will enhance any garden location.

New phone system now installed to help us manage your calls better. It always on. Just give us a call.

Cornwall Spa Services

01726 860070

Don't forget, if you have a problem with your Hot Tub, require a service, relocation or just a bit of advice please give one of our engineers a call and they will be happy to help.

"The bitter taste of poor quality remains long after the sweetness of low price is forgotten."

Remember:- Healthy bathers and healthy Tubs need healthy water.
Always test and sanitise your Hot Tub.
If you have any questions about water chemistry call one of our BISHTA trained team.
